

How (FAAST) Wings Works

Did you know that there a another way for you to complete your flight review? And you are probably already doing some of it. See Additional Information below, then click the link below to register today!

Directions: There is no GPS address for airport GATE 4, but 400 Holt Rd, North Andover, gets you close.

Turn onto Holt Rd off Rt-125 in North Andover (about 1 mile north of where Rt-133 turns East).At the stop sign (says Clark St), turn RIGHT. About 150 yards on the left is GATE 4. Call the cell number on the paper taped to the yellow post for someone to come let you in. Due to the locked airport gate, please try to arrive a bit before the 7 PM program start. A map for parking is below in Additional Information.

If flying in, see Additional Information below.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Join us on Facebook: <https://www.facebook.com/groups/GASafety/>

Sign up for the FAA's safety services at www.FAASafety.gov!
