

## The Art of Flying IFR - Situational Awareness

It is critically important for an instrument pilot to stay ahead of the airplane at all times. It requires awareness of a large variety of elements that go beyond just knowing where one is and what is next. In this seminar, Master CFI and DPE Doug Stewart will discuss how he employs many different elements of situational awareness (SA) to drive his IFR best practices. Although this presentation is focused on instrument flying, there is much that the VFR pilot can learn from it.

**Directions:** EAA Pilot Proficiency Center  
AirVenture 2019

Venue Location: Four Corners (Knapp Street & Celebration Way), across from the EAA Membership Pavilion. [Click here](#) for more information.
