

FAASTeam presents:

Zen And the Art of Aerotowing -- for the Gliderpilot

Aerotowing is the most common launch method in the US and we do it often. Sometimes we do it poorly, with horrific consequences. This is a perspective from a glider CFI who is also a towpilot -- on the common errors and misconceptions about aerotowing. We will offer some myth busting on the business of following the towpilot to begin a rewarding soaring flight.

Directions: Please register for "Zen And the Art of Aerotowing -- for the Gliderpilot" at 8pm EDT on May 12th at the following link:
<https://attendee.gotowebinar.com/register/1924412936799708171?source=FAA+Wings+Program>

Upon registration, you will receive an email with the link to be used on the day of the event. WINGS credit will be awarded based upon the email used in the registration, so please use the same email address to register that you also use for WINGS. We look forward to seeing you.

Registration on FAASAFETY.GOV is not required.

There are 500 or more virtual seats. You need a computer or tablet to view the presentation.
