

FAASTeam presents:

VMC Club at LWM - Mastering the Art of Aviation

Inaugural meeting of the EAA Chapter 106 VMC Club at LWM.

We'll run through two real flight scenarios submitted by EAA members. Think about your experience, your currency, and your proficiency. Whether you are a very experienced pilot or someone who just got their pilot license, try to picture yourself in this discussion, and what action you would have taken. See below (Additional Event Information) for more information about each scenario to be reviewed. Non-instrument rated pilots who want to improve their proficiency now have an excellent new resource through EAA's VMC Club. (Learn more at: <https://eaa.org/vmclub>)

Directions: There is no GPS address for airport GATE 4, but 400 Holt Rd, North Andover, gets you close. At the stop sign (says Clark St), turn RIGHT. About 100 yards on the left is GATE 4. Due to the locked airport gate and for the maximum gate coverage, please join us for food & camaraderie which starts at 6:00pm. If flying in, see Add'l info below. Flyer attached. In case of a weather impact to this meeting, please check EAA Chapter's website for latest status at: www.106.EAAchapter.org
