

The FAA Safety Team, Boston FSDO presents:

## **Weather flight Planning using Foreflight Graphics**

Bill Weedon, CFI/MEI will share tools of using graphical weather layers in Foreflight for VFR and IFR cross country flights. Considerations of visibility, cloud layers, forecast icing conditions, turbulence and convective activity will be discussed for a hypothetical flight live on Foreflight App. The seminar will include a round or two of "Aviation Family Feud" to lighten the air.

Prior to attending a safety seminar please review and abide by current CDC, State and Local health guidelines.

**Directions:** From the North: Take Rt. 295 South to Exit 9A to Rt 146 South. Turn on Rt 116 South. Merge to W. Greenville Rd. Left on Albion Rd. From the South: Take Rt 295 North and follow directions from above. For easy free parking please use the old main terminal building lot. GPS is strongly suggested.
