

New England FAAS Team presents:

Glider Topic of the Month - WINGS

A FAASTeam webinar covering the General Aviation Joint Steering Committee (GAJSC) Topic of the Month (TOM) tailored specifically for the Glider Community.

Proficiency training is so beneficial to aviation safety that it is required of most professional pilots. Proficiency training is also beneficial to general aviation pilots as well. Studies have shown that pilots who participate in regular proficiency training are much less likely to experience accidents.

We will cover why annual proficiency training is so essential to safe soaring and how the FAASTeam can be utilized. In addition, we will cover nuances of the program, benefits for Glider Authorized Instructors, benefits for your soaring club and most importantly, You!

Learn some tips, tricks, details and what you may find in the future.
