

Meet and Greet PVD Controllers - A Forum to Learn ATC Procedures

Meeting with the Providence (PVD) Air Traffic Controllers is always an event that is highly sought after. There is no preset presentation but has a strong focus on safety, procedure and policy discussion. This is an opportunity for the controllers to interact with pilots that use the Providence Airspace. Both a fun and educational event for pilots and controllers to bridge the gaps of knowledge. Feel free to provide them your "N number" and ask the specific questions that you've always wondered about.

Pilots and Controllers both enjoy this engagement opportunity. This is one of the most popular seminars of the year and not to be missed.

The seminar event begins at 7:00pm and there is no charge.
