This final offering for 2026 training is being offered nationally for all levels of first responders including Police, Fire, Emergency Medical Services (EMS), pilots, mechanics and bystanders. The webinar will discuss safety while operating around accident aircraft. Become familiar with all aircraft types, the hazards they present and the unique injuries sustained by pilots. This class fills up fast and is highly sought after across the country annually. Qualifies for WINGS Credit and 4 Continuing Education Units (CEU's) and reciprocity for FIRE / POST Credits.

This is a Zoom Offering Webinar. You must register at the link below for the participation details:
