

## EAA IMC Club Meeting - Weather Tactics

The EAA IMC Club provides a "hangar flying" experience organized around instrument flight in order to promote safety, education, and proficiency.

Taking long trips in the summer often means finding your way around storm systems. How do you plan around them? What tactics do you use? How do you find alternate routes? We'll discuss two scenarios involving storm encounters and talk through situations you have encountered.

Bring your EFB, your experience, and your questions, and be ready to participate.

All are welcome. You do not need to be an EAA member or rated instrument pilot to attend.

If arriving by aircraft, then park at the main ramp. Walk on the taxiway to the right of Midfield Cafe, between the buildings. The Airport Authority building is the third on the right, just before the Nashua Jet Aviation building.

### Event Details

**Wed, Jun 10, 2026 at 18:30 EDT**  
**Airport Administration Building**  
93 Perimeter Road  
Nashua, NH

**Contact: JAMES DAVID CARLSON**  
**(978) 873-0507**  
**carlsonj@workingcode.com**  
**Select #: EA61144796**  
**Representative JAMES DAVID**  
**CARLSON n/a**

By car: parking lot is on the right side of Perimeter Road, across the street from CrossFit Nashua, near the gate. The Airport Authority building is on the right, inside the fence.

Go in the door on the south side of the building. Take the first left in the hallway, and then an immediate left into the stairwell. The meeting is in the room at the top of the stairs.

Meeting space is provided by Nashua Airport Authority.

Contact me or visit the administration page to be signed up for our low-volume group announcements list:
