

Part 107 Remote Pilot Test Prep Workshop

This 6.5 hour workshop is designed for those who are looking to become an FAA Part 107 Remote Pilot, so that they can fly drones commercially and safely in the US National Airspace System.

The workshop is in direct alignment with the FAA's Part 107 remote pilot certification requirements and includes the latest regulation changes.

By the end of the workshop students will be well on their way to being fully prepared to successfully pass the FAA Remote Pilot Aeronautical Knowledge Test.

Date & Time: August 25th, 2026 from 9:00 am until 3:30 pm EDT.
You must stay on the entire time in order to receive WINGS credits.

Taught live via Microsoft Teams

There is a fee for this workshop and can be paid in advance at the link shown below.
