

Let's Not Meet By Accident!, Safe Taxi Ops. Arrive at 6:00 PM for refreshments!

Why do runway incursions occur? Why do runway excursions occur? These two completely separate reasons will be discussed and real events depicted and displayed in a dynamic video presentation by Ken MacDonald! The first part of this presentation is designed to bring about an awareness of the hazards we all accept. Then, Ken will discuss the ways to mitigate the risk to an acceptable level. Attend this briefing and participate in a discussion of what's happening at KGON.

Directions: CT-Rt. 1, to State Hwy. 649 to Tower Ave. Please park in the main lot. See map link at safety.gov.

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at www.FAASafety.gov!
