

FAASTeam Flight Instructor Open Forum

FAASTeam-SAFE Flight Instructor Open Forums provide an opportunity for Flight Instructors, Ground Instructors, Designated Pilot Examiners, and the FAA Safety Team (FAASTeam) to meet and collaborate for safety. The result is the ability to enhance communication and standardization of the pilot training and evaluation processes. The topic at this forum is Instructor Professionalism. Aviation educators perform the most vital and influential duties in aviation: they are the gateway for those entering aviation, be it for pleasure, business, commercial, airline, or even military flying. Join your flight instructor colleagues in improving aviation flight training operations.

Directions: The hangar is located at the Northeast corner of the airport property.
