

Fit to Fly?

Featured speaker Dr. Keith Ruskin has just returned from research at the FAA Academy-CAMI and plans to share the most recent information available to pilots. "Fit for Flight" will provide you with an understanding of the many human factors that pilots should consider before and during flights. Dr. Ruskin is a FAA Aeromedical Examiner and active pilot. He has flown numerous aircraft including the DC-3. Attend this educational program and see how your health and fitness can influence your safety and ability as a pilot. Don't miss the Wright Brothers Master Pilot Award presentation. Refreshments provided!

Directions: I 95 Exit 30 to Lordship Boulevard. Continue to the Airport main entrance on Great Meadow Road. Park across from Three Wing.

A message from the National FAASafety Team Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at www.FAASafety.gov!
