

The FAA Safety Team presents:

FAASTeam Flight Instructor Open Forum

It's hard to imagine losing control of an airplane in flight, but it happens far too often and almost always with serious or fatal results. At this FAASafety Team Flight Instructor Open Forum we will explore some of the factors that can lead to a Loss-Of-Control (LOC) event, and provide some practical strategies for teaching pilots to avoid LOC. Flight Instructors, Ground Instructors, Designated Pilot Examiners, and Instructors in training are welcome and encouraged to attend. Refreshments provided by Premiere Flight Center. On-line registration is appreciated. If inclement weather is forecast, please call 860-654-1039 for a seminar status message. Join your flight instructor colleagues and take an active role in improving safety in flight training!

Directions: The hangar is located at the Northeast corner of the airport property. FAASafety Team Forum held in the upstairs classroom.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
