

## Hot Air Balloon Crewing Essentials

A free hands-on program that reviews basic ground and flight training required in hot air ballooning. You will learn the skills required to actively volunteer on a hot air balloon ground crew and the 14 CFR (Federal Aviation Regulations) Part 61 - Certification requirements to earn certification. If you already have a certificate, ten hours of instruction after obtaining the private certificate or for an add-on is required. Don't miss this opportunity to learn the essentials. Click on the link below and register TODAY.

**Directions:** The entrance is a dirt driveway with a sign on the tree number 249 on the left hand side of driveway. Please drive slowly down until you come to three buildings, 2 will be on your left and one in the front to the right. The parking area will be in front of the building on the right inside of the orange traffic cones. "Please do not drive on the runway!"

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
