

How Does It Fly?

FAASafety Team Reps. Jason Archer, pilot and aviation educator along with CFII Terry Keller will take some of the mystery and myth out of some of the basic principals of flight. Put your thinking caps back on as we go back to school for a fun refresher. This interactive program will explore our basic understanding of the science behind the aerodynamics you have been taught. Learn how to make of the some of the more complicated flight principles easy to understand and gain a fresh perspective on flight. This is a must see for those who educate and wish to inspire others to fly!

Directions: I-84, exit 33, to CT-72 West, exit at N Washington St /CT-177, turn Rt on N. Washington ST. go 1/2 mile turn Rt. on to Johnson Ave.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
