

FAASTeam, EA-63 FSDO, DXR ATC presents:

Why Did The Controller Ask Me To Do That?

Have you ever asked yourself why ATC is asking me to do something? Well, I have and now you have the opportunity to learn why things are the way they are. What are the best practices! Learn how you can do your part to make the pattern work like a Swiss watch. Briefings from Airport Operations, Air Traffic Control and the Office of Runway Safety. Remember, the worlds worst aviation disaster happened right on the ground. Danbury is located just 18 NM form some of the busiest airspace in the country and requires airmen of all certificate levels to be at the top of their game! Bring your questions and fellow aviators to this eye opening and entertaining seminar. Refreshments provided by The 399th Composite Squadron-Civil Air Patrol-USAF Aux. Click the link below and register TODAY.

Directions: I-84 to exit 3, turn left on to Sugar Hollow Rd. then right on to Miry Brook Rd. See maplink for details.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
