

FAASTeam, EA-63 FSDO presents:

NextGen for General Aviation

ADS-B requirements are not going away and 2020 will be here before you know it. Everyone who flies in controlled airspace is affected and needs to gain an understanding of how ADS-B works and how it affects them. Learn what you need to know to prepare yourself and your aircraft to meet the upcoming ADS-B requirements. With the advent and implication of this technology you will have access to free in flight weather as well as traffic avoidance. ATC will be able to see you at altitudes and locations not possible with current air traffic radar. Refreshments provided and hosted by the Worcester Area Pilots Association. To attend, click on the link below and register TODAY.

Directions: The program is held in the airport terminal building. Free parking, Just take a ticket. Visit the Map Link for directions. Aircraft Parking at Rectrix Aero Center: orhmail@rectrix.aero or 508.755.5870.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
