

NextGen For General Aviation, Fly-In Breakfast From 8:00 AM To 10:00 AM

ADS-B requirements are not going away and 2020 will be here before you know it. Everyone who flies in controlled airspace is affected and needs to gain an understanding of how ADS-B works and how it affects them. Learn what you need to know to prepare yourself and your aircraft to meet the upcoming ADS-B requirements. With the advent and implication of this technology you will have access to free in flight weather as well as traffic avoidance. ATC will be able to see you at altitudes and locations not possible with current air traffic radar. Fly-In Breakfast presented by Teamflys FBO and Turboprop East. To attend, click on the link below and register TODAY.

Directions: Teamflys is located on MA RT-2, approximately 2.5 miles West of North Adams and 2.5 miles East of Williamstown, MA.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
Sign up for the FAA's safety services at www.FAASafety.gov!
