

FAASTeam Flight Instructor Open Forum

FAASTeam-SAFE Flight Instructor Open Forums provide an opportunity for Flight Instructors, Ground Instructors, Designated Pilot Examiners, and the FAASTeam to meet and collaborate for safety. The result is the ability to enhance communication and standardization of the pilot training and evaluation processes. The topic at this forum is teaching power off and power on stalls, spins and stall-spin recoveries. Feel free to bring your CFIs in training to this very important seminar. Remember it is the CFI/DPE duty to ensure that your students get a thorough education in this area of knowledge and airmanship.

Directions: The hangar is located at the Northeast corner of the airport property. The meeting will be held upstairs in the hangar classroom.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
