

FAASTeam, EA-63 FSDO presents:

Preventive Maintenance

Calling all aircraft owners, future owners, pilots, CFIs and A&P certificate holders! Mike Ascolese will define 14 CFR 43.3 as it applies to simple and complex maintenance operations to include who may safely perform these tasks. This Seminar will define preventive maintenance and who is authorized to perform preventive maintenance. Define minor and complex maintenance operations as per 14 CFR 43 Appendix A. Presenter: Mike Ascolese, Mechanic, Pilot and Teacher, with extensive knowledge in each of these fields, will show tips for best aircraft and engine performance. Light refreshments served. Attendees will receive a ten cent per gallon discount on aircraft fuel from airport management for attending this exclusive event. Click the link below and register TODAY.

Directions: East River Street to Airport Rd, turn left prior to rotary. Follow signs to Seminar.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
