

FAASTeam, EA-63 FSDO presents:

Seaplane Safety Seminar Trade In Your Wheels for Floats

Whether you currently fly off the water or off a runway this FAASTeam Seminar has something to offer. FAASTeam Rep. Tony Debany will be the featured presenter. This seminar will expose you to the basics of seaplane operation, preflight inspection concerns, the various types of taxi, takeoff and landings. This seminar is a great tune up for the rated seaplane pilot and will answer questions for those airmen considering getting their feet wet with a seaplane rating. So if you are thinking about flying off the water this seminar is for you. Sport Flying of CT will provide cold drinks during the seminar as well as hamburgers and hotdogs after the presentation. For info on airport conditions consult the FAA Chart Supplement or call Tony Debany at 203-895-1204.

Directions: For Driving directions, Please see maplink for this airport. If Flying in be aware the longest runway is turf 2,005 feet with obstructions.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
