

## How to Act When No One Is in the Tower

FAA Safety Team (FAASTeam) Representative and CFI, Jason T. Archer and FAA Safety Team Program Manager, Jim Adams will present an exciting and informative seminar on best practices for operating at non-towered airports. What are the recommended and required procedures for entry and exit? How do we communicate effectively into and out of the pattern? Using personal stories, case studies and an interactive discussion, yes we want to hear your stories as well, we will discuss the does and don'ts. In addition, we'll talk about what to do when an incident does occur. Please join us for this informative and lively presentation. Light refreshments provided.

**Directions:** See MapLink at [faasafety.gov](http://faasafety.gov).

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
