

EAA 1310 FAASafety Team Seminar Chart Challenge

The seminar covers challenging questions about specific VFR and IFR charts, real-world procedures and decision making, analysis of tragic accidents caused by chart misinterpretation, and important "gotchas" that all pilots should be aware of.

The seminar will be presented by Melanie Folcik Barillaro. Melanie, a very dynamic speaker, is an experienced instructor with airplane and rotary wing ratings.

Let's learn from the mistakes of others! COFFEE and DONUTS at 09:00 and a COOKOUT to follow the seminar! Click on the link below to register TODAY!

Directions: Skylark Airpark is located 1/2 mile south of the CT-RT 140 intersection. Event is held in the hangar.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
