

FAA Safety Team and the Bradley FSDO presents:

Hartford IMC Club Monthly Meeting-KMMK

You are invited to the NOVEMBER, 2017 meeting of the IMC CLUB, Hartford chapter. It's almost the end of the year, and we all know IFR skills are year-round. At this meeting a new instrument flying scenario will be presented and discussed. Through its nationwide chapters, the IMC Club, in association with EAA, provides organized "hangar flying" focused on building proficiency in instrument flying believing that safety and proficiency are developed through education and experience. Our monthly meetings use real world scenarios to engage our members and allow them to share and build their own experience. You do not have to be instrument rated to attend. Following the presentation we will conclude with the question, "What would you do?". Refreshments will be served. Click the link below and register TODAY!

Directions: Take Main St. CT-70 or Hanover St. to Evansville Ave.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
