

## EAA Chapter 1310 / FAASTeam Presents - Reasons Why You Really Should Fly a Taildragger!

From the legendary J-3 Cub, to many modern homebuilt aircraft, the "little wheel" is in the back. Come join us for a fun filled event, as we discuss the joys as well as the unique challenges of learning to "dance on the rudders" and safely fly tailwheel aircraft.

**Directions:** Parking available in the parking lot in front of the airport office, and we are located in the EAA 1310 hangar.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Join us on Facebook: <https://www.facebook.com/groups/GASafety/>

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
