

FAA Safety Team and the Bradley FSDO presents:

# Hartford IMC Club Monthly Meeting at KMMK

You are invited to the October, 2018 meeting of the IMC Club, Hartford Chapter. It's almost the end of summer, but IFR skills are important to maintain. At this meeting, a new instrument flying scenario will be presented and discussed. Through its nationwide chapters, the IMC Club, in association with the EAA, provides organized "hangar flying" which is focused on building proficiency in instrument flying. We believe that safety and proficiency develops through education and experience. Our monthly meetings use real world scenarios to engage our members, and allow them to share and build upon their own experiences. You do not have to be instrument rated to attend! Following the presentation, we will conclude with the question, "What would you do?". Refreshments will be served. Click the link below and register today!

**Directions:** Take Main St, CT-70, or Hanover St, to Evansville Ave.

#### **A message from the National FAASTeam Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
