

FAA Safety Team and the Bradley FSDO presents:

# Hartford IMC Club Monthly Meeting at KMMK

Let's hope for decent weather and no ice! You are invited to the February, 2019 meeting of the IMC Club, (Hartford Chapter). Keeping IFR skills sharp is important all year, even in middle of winter. At this meeting a new instrument flying scenario will be presented and discussed along with the Question of the month.

The IMC Club, through its nationwide chapters, and in association with the EAA, provides organized "hangar flying" which is focused on building proficiency in instrument flying. We believe that safety and proficiency develops through education and experience. Our monthly meetings use real world scenarios to engage our members, and allow them to share and build upon their own experiences. You do not have to be instrument rated to attend! Following the presentation, we will conclude with the question, "What would you do?". Refreshments will be served. Click the link below and register today!

**Directions:** Take Main St, CT-70, or Hanover St, to Evansville Ave. We are located in the yellow, two-story, airport office building.
