

FAASTeam, EA-63 FSDO presents:

Oxford IMC Club Monthly Meeting

The Oxford Flying Club, the FAASTeam, the EAA and the CAP Sikorsky Squadron offer this organized "hangar flying" which is focused on building proficiency in instrument flying. We believe that safety and proficiency are developed through shared experiences. Our monthly meetings use real world scenarios to engage and allow our members and guests to share and build their experience. You do not need to be instrument rated to attend. Click on the link below and register TODAY. Wings credit is given for this seminar.

Directions: The Northwest T-Hangars are on the West side of the airport off of Tarby Ln (old Executive building road. The meeting will be in Hangar 10. When driving on Airport Road Tarby Ln is the last left before you reach the Terminal building. The hangar is also accessible through the main gate, you will need to drive around the windsock to get there. If you are unfamiliar with or do not have access to the airport call John at 860-309-9196 prior to the meeting.
