

CFI/DPE Forum - Flight Discipline - Standards and Professionalism in Flight Training and Beyond

Event Details

Standards and professionalism are important whether you are preparing your students for a checkride or a career as a professional pilot. DPE Rich MacIsaac, who recently returned from Oklahoma City designee training will discuss airmen certification standards and examiner expectations to help you prepare your students for checkride success. FAASTeam Rep and Commercial Pilot Dave Strassburg will discuss how you and your students can use the WINGS program to maintain proficiency. Several professional pilots who are based at KBDL will be on hand to join the discussion about ways for a professional pilot to maintain proficiency.

This event will be held in the CT Fire Academy Auditorium. Park in the rear of the building and follow the signs.

Wed, Mar 26, 2025 at 18:00 EDT
