

Meriden IMC Club Monthly Meeting at KMMK

Could Spring be in the air? Please come to the **MARCH, 2025** meeting of the IMC Club. An affiliate of the **EAA**. At this meeting we will discuss a real life event involving a corporate flight into Teterboro airport on the RNAV 24 approach. We will examine the relatively new approach itself as well as the communications between the pilots and ATC and what went wrong along the way. This could happen to anyone. This scenario allows the attendees to share and build on their own experiences. You do not have to be instrument rated to attend! We begin our meeting with the Question of the Month. Following the presentation, we will conclude with the question, "What would you do?". Refreshments will be served. Click the link below and register today!

Take Main St, CT-70 or Hanover St to Evansville Ave.
