

MERIDEN IMC Club Monthly Meeting at KMMK

No Shutdown at the IMC due to the government shutdown. Please come to the **OCTOBER 2025**, meeting of the IMC Club, an affiliate of the **EAA**. At this meeting, a smoke condition develops in a Cirrus during an IFR Flight. Instead of proceeding, a diversion is made and then the a decision needs to be made whether to Shoot the approach or pull the Chute. This scenario allows the attendees to share and build on their own experiences. You do not have to be instrument rated to attend! We begin our meeting with the Question of the Month. Following the presentation, we will conclude with the question, "What would you do?". Refreshments will be served. Click the link below and register today!

Take Main St, CT-70, or Hanover St, to Evansville Ave.

A message from the National FAASTeam Manager
