

## Flying the Fall Weather

Flying in the mountainous terrain of Vermont, Upstate New York, and New Hampshire can be challenging. Weather conditions can change rapidly and can vary considerably over a short distance. Meteorologist Roger Hill will explain these and other weather challenges, and outline strategies to help keep our Fall flying safe and enjoyable. See the "Additional Seminar Information" for details about the FREE BBQ. Don't miss it!

**Directions:** I-89 to Exit 14E (Williston Rd). Follow Williston Rd eastbound. Go approx 2.5 miles. Take left on Valley Road after passing boat dealership on right. Follow signs to Vermont Flight Academy.

### A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
