

FAASTeam, Boston FSDO presents:

Boston FSDO Flight Instructor Open Forum & Meeting

After a brief hiatus and move, the Boston FSDO is once again starting up quarterly meetings & discussions on the issues facing pilots and instructors, not only nationally, but also in the local area. This is also a chance to see the new location of the Boston FSDO. Instead of a presentation, it will be an interactive discussion of issues, focusing on the safety of instruction and events, incidents & accidents that have occurred in the area. We are looking to have active instructors of all experience levels join us in the discussion and learn some best practices. Preparing for the unexpected and issues associated with IFR operations and Electronic Flight Bags (EFBs) will be included. Also FAAS Team Program Manager, John Wood from the Portland, ME FSDO will be present to answer your questions. Click the link below and register TODAY.

Directions: On 1-95/Rt 128 on the northwest side of Boston, take exit 32B on to Middlesex Turnpike northbound and follow for approx. 0.6 miles. At traffic light turn right onto Mall Road and then another right after 0.3 miles right onto New Executive Park.

A message from the National FAAS Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
