

## UpLifting Weather

Spring and Summer flying can challenge even the best pilots making Go - No Go decisions. Discussions will include charts and graphs produced by the National Weather Service to apply information evaluating hazardous flight conditions. Additionally, we will explore options to update information en route to stay ahead of severe weather. Click on the link below and register TODAY.

**Directions:** Event hangar at Southern Maine Aviation. Same building as the "Cockpit Café"

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
