

Defensive Airport Navigation

The single largest loss of life in an aviation accident occurred during a runway incursion. Not surprisingly, runway safety continues to be at the top of the FAA's agenda. Runway incursions continue to occur at an alarming rate! Don't miss this critical briefing on these two very important topics. We will review airport signage and markings and highlight recent runway incursion incidents. Learn how to avoid becoming the next statistic! Click the link below and register TODAY.

Directions: Directions: I-95 to Exit 53. Left at light. At next light, take right onto Leighton Rd. Go to end and take right onto Falmouth Rd. Go past town hall and take first left onto Woodville Rd. Middle School is ahead on left. Go in the main entrance and look for signs for the seminar.

A message from the National FAAS Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAAS Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
