

Fall and Winter Flying

Does the thought of Fall and Winter flying put a knot in your stomach? Perhaps you feel it would be best to wait till Spring to spread your wings again. It doesn't have to be that way. Winter flying can be safe and fun. We will discuss the steps that every pilot should take to enjoy flying during the crisp, clear days of winter. Join us for an informative and interesting presentation. Flight instructors are encouraged to attend with their students. Click on the link below and register TODAY.

Directions: Rte 1 to center of town. Turn left on State Street. Pick up Rte 227 to airport entrance. Follow to North End Complex.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
