

FAASTeam presents:

are you intimidated by atc

Dick Ferno, retired Air Traffic Controller from Burlington Tower/Approach control, will take you through these confusing ATC instructions. So if you wondered about complex taxi instructions or traffic pattern instructions. This would be a great meeting to attend, if you have not flown in a controlled environment for some time.

Directions: I89 LEBANON Airport exit, Airport Road. Go to the top of the hill, Granite Air on right.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
