

Knocking Off The Rust

Learn the steps you need to take to return to the air after time away from flying. We will cover safety, practical, and regulatory considerations. This seminar will serve the pilot who has been away for an extended period, as well as the pilot who has just hung up the wings for the winter. Learn how to make an effective plan for getting back in the pilot's seat. To attend this event, click the link below and register TODAY.

Directions: Follow the signs for the Northern Maine Regional Airport. Continue on Airport Drive past the Commercial Terminal and the GA Terminal until the road "Ts" into Missile Street (in front of Aroostook Trusses). Turn left toward the WWII hangars. The Clubhouse (995 Missile St) is on the 2nd floor of the office block between the 2 sets of hangars.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
