

FAASTeam, Portland FSDO presents:

# Within the Maine Powered Parachute Association

FAASTeam Lead Rep Randy Autrey will talk about the FAASTeam initiative for a Positive Safety Culture within clubs and organizations. FAASTeam Rep and IA Mechanic Scott Royal will talk about Light Sport, Amateur Built, and Experimental Aircraft maintenance tips and tricks. Things you can and cannot work on within the FAA guidelines. Scott is an amazing wealth of knowledge with many years experience in GA and Light Sport maintenance. Scott will also be available to look at aircraft after the seminar to review safety issues and give some advice. Please come and enjoy this opportunity to interact with a great IA mechanic.

**Directions:** I-95 to Exit 63. Follow Rte 26 north to Bethel. Just before town, make right on Parkway St to Rte 2. Turn right on Rte 2 and cross river. Turn left on Northwest Bethel Rd. Go ¼ mile and turn right after Bethel Regional Airport sign. Take first right to Bethel Airport. Event will be held in the Bethel Regional Airport Conference Room.

**A message from the National FAASTeam Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.  
Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
