

You Are Only Human

Human Factors have a significant factor in aircraft accidents, At this exclusive event we will analyze the 'Dirty Dozen' human factors. It has been said that human factors play a role in all aircraft accidents. We will discuss the role that psychological and physiological factors and ergonomic designs play in the role of general aviation accidents.

We will break down the 'Dirty Dozen' human factors that are commonly found as causal factors in the aftermath of accidents. Click on the link below and register TODAY.

Directions: Take Williston Road to Valley Road. Proceed to the end of Valley Road. Bear left at the fence and go to the yellow building at the end.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
