

Fly Australia

Ever want to visit Australia? Maybe even fly while you're there? Learn what is involved to prepare, navigate and communicate in the Land Down Under.

And once that is done, see where you can go and how to get there. We'll take a look at charts, navigating, flight planning, survival gear, and more.

Directions: From downtown Keene, take Rte 12 south to Rte 32. Turn right. Go ¼ mile to airport entrance sign, turn right and follow road to terminal building.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
