

## Light Sport Ops and Loss of Control

Have you ever wondered what it is like to fly a light sport aircraft? Did you know that some light sport aircraft are capable of aerobatic flight? CHI Aerospace is a new flight school at Pease Tradeport that specializes in light sport aircraft operations. Their experienced instructors will discuss light sport aircraft operations.

Also, loss of control is the number one accident causal factor. We will discuss how to recognize, avoid, and prevent loss of control situations.

**Directions:** I-95 to Exit 3 toward Pease Tradeport. Turn right onto Grafton Drive. Go 0.9 mi then turn left onto Aviation Ave. Go 0.2 mi and turn left onto Durham Street. Go 0.1 mi and turn right into the CHI Aerospace parking lot. CHI is located in the tan hangars.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.

### Event Details

**Thu, Aug 31, 2017 - 18:00 EDT**

**CHI Aerospace**

58 Durham Street

Portsmouth, NH 03801
