

## You Are Only Human

It has been said that human factors play a role in all aircraft accidents. We will discuss the role that psychological and physiological factors and ergonomic designs play in the role of general aviation and air carrier accidents. We will analyze the “Dirty Dozen” human factors that are most commonly found in the aftermath of accidents. Join us and learn how to recognize and effectively deal with these factors in your flying.

**Directions:** I-295 to Exit 10, Bucknam Road. Merge onto Bucknam Rd, then go 0.5 miles and take a left onto Middle Road. Go 0.4 miles to Activity Center on the right.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the “Contact Information” area of the meeting/event notice. Note that two weeks is usually required to arrange services.
