

Sea and Avoid

Multiple airports here in the State of Maine have both water and land runways with operations being conducted simultaneously. The busiest is Greenville during September's International Seaplane Fly In. Join CFI's Charlie Surprenant and Steve Williams as they discuss hazards and ways to minimize potential conflicts between seaplanes and land aircraft.

Registration begins at 9:00 with coffee and refreshments. The seminar will run from 9:30–12:30pm with a luncheon to follow.

Directions: From Maine Turnpike, East on Somerset Ave, South on Main St (Rt 100), southwest on Peltoma Ave, and then turn right onto Harrison Street.
