

The FAA Safety Team presents:

Light Sport & Experimental Aircraft Fly-In

Experimental aircraft flight operations represent a small percentage of flight hours, but a significant percentage of GA accidents! Attend this informative event and learn about the importance of transition training, preparing for that first test flight and why the accident rates are highest in Light Sport (LSA) and Experimental Aircraft. Discover what you can do to keep your LSA Healthy, Happy, and Airworthy.

Directions: Driving: From Interstate 40, Go North on US Hwy 321 2.5mi, Turn West on Clement Blvd, go 0.9mi and turn right on 9th Ave Dr NW, go 0.4mi and turn into airport.

A message from the National FAASafety Team Manager

Over 136,600 pilots earned WINGS credits last year. Will you, this year?

Sign up for the FAA's safety services at www.FAASafety.gov!
