

The FAA Safety Team presents:

## FAASTeam CFI Workshop Modules 7 & 8

Continue the workshop series with Module #8 and a make up session for those that missed Module #7. Don't miss these core topics: the importance of effective teaching, administering flight reviews, as well as mitigating Pilot Deviations and Runway Incursions. FAA inspectors from the CLT FSDO will be present to discuss the Temporary Flight Restriction (TFR) at Charlotte scheduled for the Democratic National Convention in September.

**Directions:** Fire Station Training Room, Second Floor.

### A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
