

Defensive Airport Navigation!

Don't miss this exciting briefing presented by featured speaker Larry Cunningham, a retired Vietnam fighter pilot, air traffic controller and Air Traffic Supervisor. Larry is currently with the FAA's Southern Region Runway Safety Program Office and will review recommended practices for mitigating risk while operating on the airport surface. Are you using the current best practices? Attend this informative briefing and find out! Additionally, Air Traffic controllers from the Charlotte ATCT and a subject matter expert from the Runway Safety Program will also attend for a question and answer session with pilots. Earn the rare Knowledge 1 WINGS credit for attending! Click on the link below to register TODAY!

Directions: Enter building from side and follow signs. Meeting in Room KCC 115.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
