

The FAA Safety Team presents:

Hold Short...for Runway Safety!

Are you up-to-date on the recent changes to runway and taxi procedures? Are you familiar with the new airport markings? Do you follow the FAA's Best Practices while operating on the surface of the airfield? At this informative briefing we'll review these topics as well as airport signs and markings, communications, actual runway incursions, causal factors and analyze local airports for potential hazards. Attendance at this briefing will assist you in managing risk and making the best decisions when operating on the surface of the airport. All pilots, instructors and aviation maintenance technicians are encouraged to attend. Don't become the next statistic! Click on the link below and register TODAY!

Directions: This event is in the Ministry Center, MINISTRY CENTER ROOM A, not the Church or the School. After parking in main parking lot, enter building on the ground floor. Follow signs to Room A. If you have any questions, please call Pete at 571-291-1980.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
