

Cold and Dark; The Dreadful Duo

Winter and Night Flying involves a special set of hazards that challenge even the most experienced pilots. Attend this exclusive WINGS event and refresh your skills on the many risks and unique flight conditions that winter and night flying may impose. Light refreshments will be served compliments of the Western North Carolina Pilots Association, EAA Chapter 1016 and the Western North Carolina Aviation Flight School. Don't miss this event! Click on the link below to see the detailed agenda and register TODAY!

Directions: Take the General Aviation entrance to the Asheville Regional Airport. The Lacy Griffin building is the first building just past the 4-way stop. Parking available in front of the building and the unpaved lot to the left of the 4-way stop.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
